The Art of Living

Ikaria, Mykonos & Santorini.

A women's journey through wellbeing, creativity and the pleasure of living well.

9 nights / 10 days

A private journey, thoughtfully arranged

WELLBEING / LONGEVITY / CONNECTION

The art of living well

This journey begins with Ikaria, one of Greece's most distinctive islands, known for its culture of longevity. Here we explore what busy lives can leave behind: simple seasonal food, everyday movement, unhurried rest and connection with others.

On Mykonos and Santorini, the theme continues through creativity, beauty and shared experiences. Meet a jewellery designer, discover Greek winemaking and try a new look in front of the camera. There is room for conversation and quiet, discovery and genuine rest.

THREE CHAPTERS

Three islands. One journey of self-care.

Ikaria

The heart of the journey. Discover a culture of longevity through local food, village walks and encounters with islanders.

Mykonos

Creativity and personal expression. Meet a jewellery designer, explore Chora and share an intimate seaside picnic.

Santorini

A private Wine Connoisseur tasting and a Flying Dress photoshoot. End the journey around a shared table above the caldera.

IKARIA · A DISTINCTIVE CULTURE OF LONGEVITY

An island where life moves differently

Ikaria is one of the Blue Zones. Researchers have studied the everyday lives of its older residents, including diet, physical activity and social connections. Our journey introduces this way of life through personal encounters.

Wellbeing here begins with the rhythm of the day: walking through a village, preparing food together, lingering over conversation and leaving time to rest. This part of the itinerary sets the tone for the whole journey.

Longevity Kitchen

A private farm-to-table experience exploring seasonal produce and island traditions. With our guide, we shape the encounter around vegetables, pulses, greens and olive oil, with ideas to bring into your own kitchen.

Raches: movement & connection

An unhurried walk with coffee stops, tastings and conversation about everyday life. Explore local habits, family, rest and connections across generations. The pace and distance are adapted to the group.

The private programme is adapted with an English-speaking licensed guide. This is a cultural wellbeing journey, rather than a medical programme.

WHERE YOU WILL STAY · IKARIA

Sofrano Luxury Apartments or similar

Contemporary apartments for a peaceful start. The appeal lies in intimacy, comfort and a sense of island life.

Ikaria has no five-star hotels. For this part of the journey, we select the best available accommodation, with Sofrano Luxury Apartments as our proposed base. Facilities and services differ from the luxury resorts at the next stops.

3 nights, based on double occupancy. Apartment category and availability are confirmed for your dates.

MYKONOS · CREATIVITY & PERSONAL EXPRESSION

Time to choose for yourself

After Ikaria, enjoy a few days devoted to personal taste and creative discovery. Free mornings by the sea, gentle movement and small-group encounters continue the relaxed rhythm.

Meet a jewellery designer

An essential part of the itinerary. A private meeting in an atelier or showroom: the inspiration, materials and craft behind the pieces. Jewellery becomes a starting point for exploring personal style and objects with meaning. The designer and format are confirmed in advance; purchases are additional.

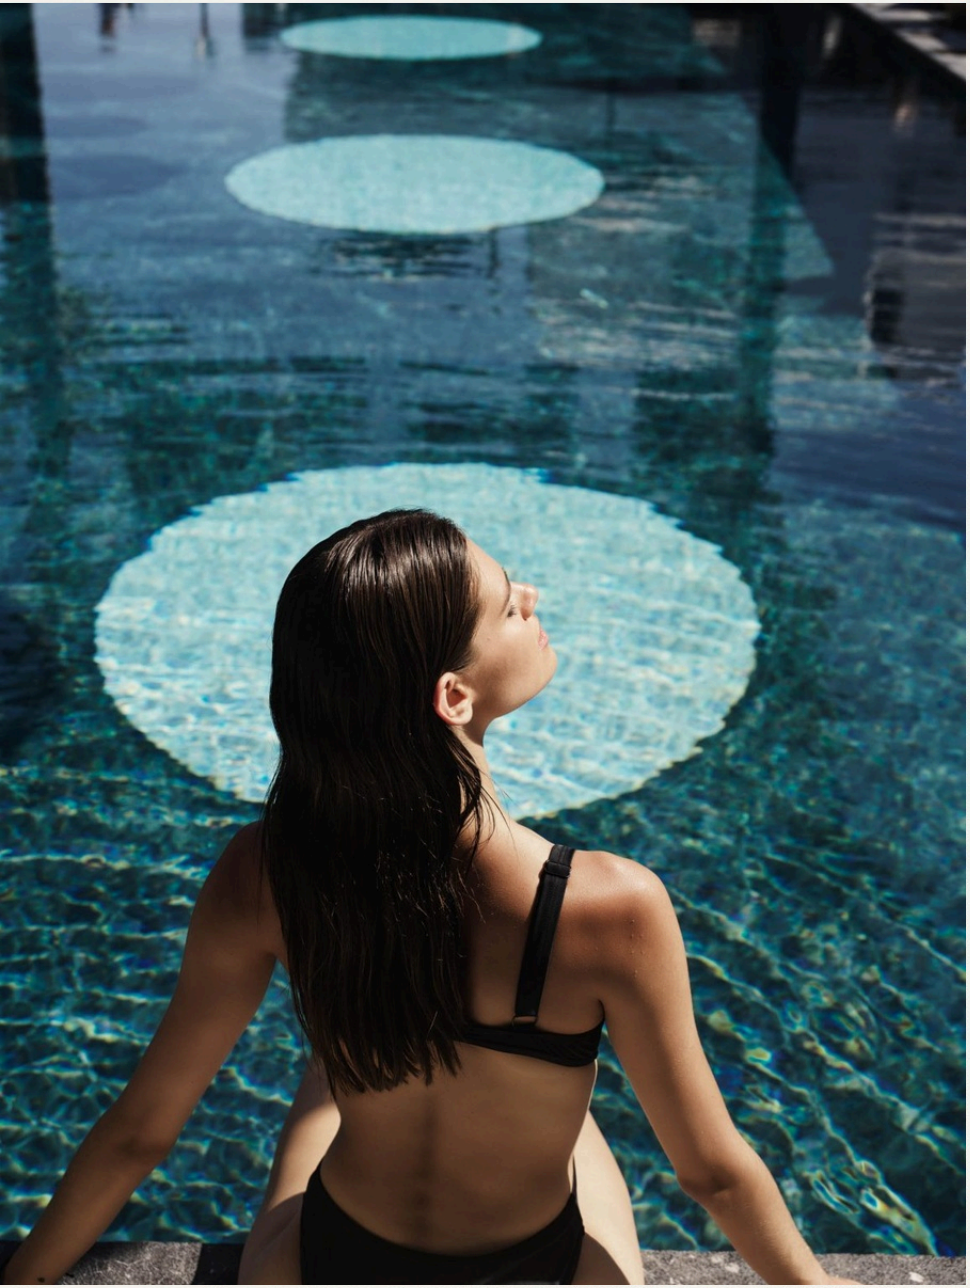

Chora: notice the details

Whitewashed lanes, small galleries and pauses for coffee. Combine a comfortable walk with the designer visit, leaving plenty of time to rest.

A seaside picnic

An intimate table with seasonal Mediterranean flavours and time to connect. The menu, setting and timing are coordinated around the group's preferences and the weather. An English-speaking assistant accompanies the picnic.

WHERE YOU WILL STAY / MYKONOS

Myconian O or similar

An adults-only design hotel in Ornos. Expressive materials, Mediterranean greenery and the nearby sea create a different mood after Ikaria.

NOS Junior Suite with Balcony. Three nights with breakfast, based on double occupancy.

The proposed room category or a comparable alternative is subject to availability.

Wine Connoisseur

A private tasting at a boutique winery with an experienced wine expert. Explore distinctive Greek wines, including mature vintages, and discover the grape varieties, terroirs and traditions behind them.

Approximately four hours. Wines and group arrangements are agreed in advance.

Flying Dress

A creative moment against the caldera, captured by a professional photographer. Flowing fabric, sea air and individual time in front of the camera invite you to explore your own sense of beauty.

Dress colours, styling support, timing and finished images are confirmed with the photography team.

WHERE YOU WILL STAY · SANTORINI

Charisma Suites or similar

Oia and an open view of the caldera. White interiors and terraces above the sea set the scene for the final days, when there is no need to hurry.

Double Room with Caldera View. Three nights with breakfast, based on double occupancy.

Room category is subject to availability. The hillside location involves steps; participants' mobility is considered when selecting rooms.

SANTORINI · CELEBRATORY FAREWELL DINNER

A taste of the journey to take home

At Miltos' Greek Table, gather around a shared table overlooking the caldera. Greek food, island produce and time for conversation about discoveries, connections and habits to take home.

A warm finale to ten days together, celebrating simple pleasures and good company.
